Dear Sam:

Before we both become concerned with other matters, may I take this opportunity to say how much I thoroughly enjoyed working with you on the reactor fuel shipment and furthermore the pleasure of getting to know you personally.

We of the Georgia Ports Authority are most grateful for the many hours you put into this project and we indeed look forward to working with you in the future.

On behalf of the news media, both local and national, may I express our joint thanks for the excellent cooperation given these folks by you personally. They were all most grateful for the patience you showed in going over with them perhaps many times the very detailed information they needed in order to accurately and effectively portray the significance of this shipment. Your unselfish assistance to the media people certainly made my job a very easy one.

Please give my best regards to your wife and family. I look forward to being with you again on your return trip to Savannah.

Best regards,

Bob Noble
